TOTAL			25

* ECTS-European Credit Transfer and Accumulation System (established 1989 by the European Commission) provides a way of measuring and comparing learning achievements and transferring them from one institution to another in order to help students make the most from their study abroad. ECTS credits are a value allocated to modules to describe the student workload required to complete them. They reflect the quantity of work each module requires in relation to the total quantity of work required to complete the academic study at the institution.

1 ECTS credit stands 25-30 hours of students work.
